**Plastic Eyeballs**

26mm Doll Eyes are human size except for cornea which is slightly larger than a human cornea. Detail printing of the iris is rather geometric and upon close examination will look fake, but eyes can be taken apart and repainted. Excellent for animation projects. Please specify color; Violet, Blue, Green, Grey, Brown and Dk. Brown. Sold in pairs only.

TDSBE	Plastic Eyeballs, 26mm w/corneal bulge, pr.	\$8.50
TDSHR	Plastic Eyeballs, 26mm Half-Round, pr	\$9.99

**Special Effect Contact Lenses**

I've had many requests for information on Special Effects Contact lenses. The FDA regulates contact lenses so be very careful of any company which sells them directly without going through an eye doctor. Everyone who deals with contact lenses should be licensed in some way or another. For this reason I do not sell contact lenses. Check out our website for a list of companies who specialize in these kinds of lenses.
